

# THE 2<sup>ND</sup> ANNUAL HAMILTON WALK FOR DOWN SYNDROME

PRESENTED BY GLOBAL FUELS

The Down Syndrome Association of Hamilton (DSAH) is a not-for-profit organization run **exclusively** by volunteers whose lives have been touched by Down syndrome.

We provide general, medical, and educational information to families of loved ones living with Down syndrome. We run and subsidize programs to promote development in younger members and independent living for older members. We offer parents a growing network of support and resources required to raise a child with Down syndrome.

By organizing "THE WALK" we aim to increase the level of awareness, understanding and acceptance for Down syndrome within Hamilton and the surrounding area.
